

Oil Only Absorbent Pads

Quickly and effectively absorbs fuels, oils and petroleum based solvent while repelling water. Ideal for use on land and water.

- SpillTech® Oil Only Absorbent Pads are constructed from melt-blown polypropylene with a low-linting outer layer and dimpled for additional durability.
- Oil Only Pads will quickly absorb fuels such as petrol, diesel and bio-diesel, petroleum based solvents, vegetable oils and other non-water soluble liquids.
- Oil Only Pads repel water while absorbing oils and can be effectively used on both land and water.
- SpillTech® Oil Only Absorbent Pads come in a carton with a perforated panel that is easily removed to turn the carton into a convenient benchtop dispenser.

Product Variations:

- Heavy Weight Oil Only Pads:
Code: ASOPAD
Dimensions: 40cm x 50cm, 400GSM
Carton Quantity: 100 pads
Absorbency: 1.4L / pad
